Blugre Cafe is a home-grown Davao cafe and one of the first shops to serve gourmet coffee in the city. It has remained one of the most popular over the years.

PhilippineTraveler

Blugre Coffee is home to the original Durian Coffeiccino and has now evolved to offer more durian-based treats like the Durian Arctic Blast, durian bar, and durian cheesecake.

The cafe offers other excellent coffee and non-coffee based beverages. The blended drinks are always a crowd-pleaser especially during hot summer days. Pair it with a chocolate revel bar to make it more phenomenal.

Philippine Traveler

Blugre Cafe also serves excellent pastries, cakes and sandwiches. Their cakes are bestsellers, especially the durian cheesecake.

The cafe's interior is airy and well-lit. The design is modern yet comfortable, with splashes of color on the walls to add a cheery vibe.

Blugre Coffee's Landco Building branch has second level with more seating. It is located at the heart of the city's business district so it is perfect for small meetings and quick coffee breaks.

Philippine Traveler

The upstairs area is quite small and is well-suited for small business meetings. It provides enough privacy and has a good view of the area below.

There are also corners in the cafe that are perfect for a sit-down with friends. The seats are plush and very comfortable, excellent for long conversations over coffee and pastries.

Philippine Traveler

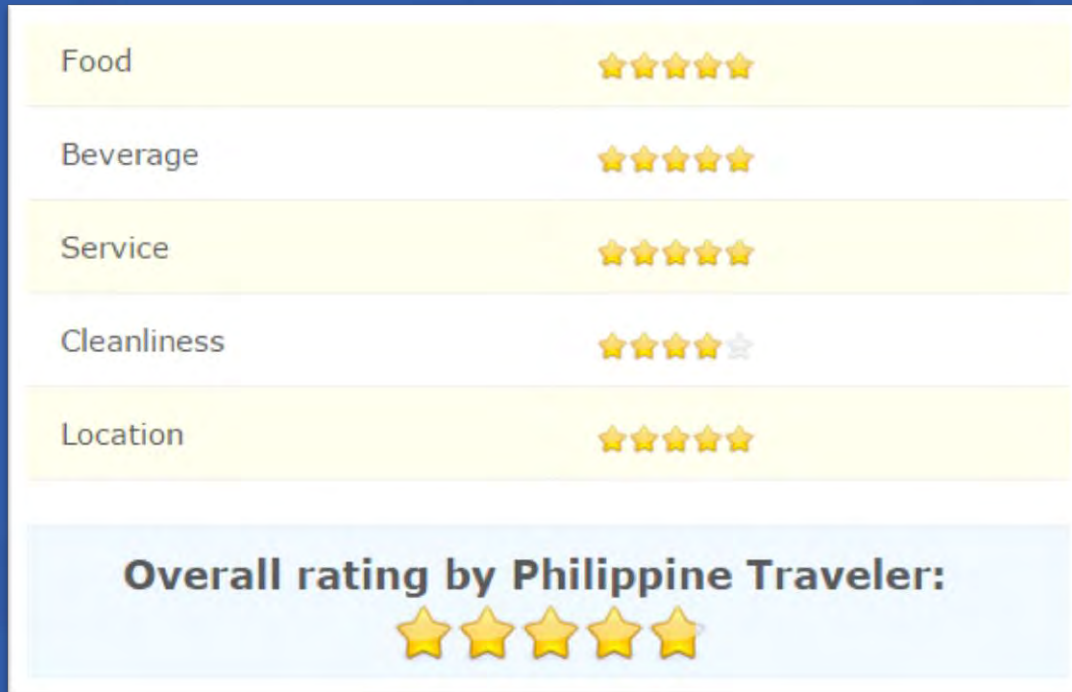

The outdoor seating is located at the front area of the cafe. In some branches, smoking is allowed in this area but guests will have to check with the staff since there is a smoking ban in Davao City.

Blugre Coffee has a good number of branches in Davao City including those located in shopping malls. Find them in Landco Building, SM City Davao, Abreeza Mall, Gaisano Mall, SM City Davao, SM Lanang Premier and Matina Town Square.
